### HELP FOR THE COVID-19 CRISIS

Dear All

We are currently receiving numerous inquiries from healthcare professionals across the country seeking advice on how best to ensure that overweight patients receive proper treatment during the Covid-19 crisis.

The use of the Obesity Treatment Tool Pro with patient access addresses many of the challenges posed by the lockdown of society. By employing the Obesity Treatment Tool Pro with patient access, patients can actively participate in consultations online and engage with their local practitioners (you). Additionally, they have the option of Skype-like consultations (telemedicine), allowing for human contact and interaction, ensuring that the online experience is not solely technical and impersonal. This approach enables obesity clinics to continue operating smoothly despite the challenges posed by the Covid-19 crisis.

Dr Holm is now offering assistance with the Obesity Treatment Tool Pro with patient access at a 40% discount. This reduction aims to ensure that obesity clinics can function effectively regardless of the Covid-19 crisis. Please note that this discount is exclusively applicable to the acquisition of an Obesity Treatment Tool Pro license with patient access during the extraordinary Covid-19 quarantine period, expected to last for another 1-2 (-3) months.

### **OBESITY TREATMENT TOOL PRO CONTAINS.**

**Support** for patients with their local practitioners, as well as assistance from Dr Holm's support team, addressing both technical difficulties and complex cases for your patients.

**A Library** with comprehensive subject areas, advice, and guidance.

**Inspiration for physical activity**, which is particularly crucial during a social lockdown.

A growing selection of **Recipes** that align with the HOLBAEK model.

**Tailor-made treatment plans** ensuring high quality and time efficiency.

**Journal notes** to add nuance to the contact.

A **Diary** to track and monitor progress on parameters that are important to the patient.

Implementation of **BMI SDS** for high quality evaluations.

Read more about the Obesity Treatment Tool Pro here: <https://www.jenschristianholm.dk/uk/our-products/obesity-treatment-tool-pro.aspx>

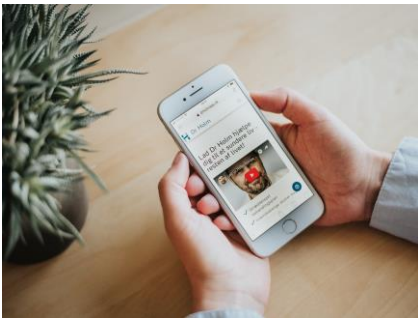

We have contracts and data processing agreements ready, facilitating a swift implementation process without significantly delaying your work planning.

For further information, please contact us via email at [contact@drholmcourses.com](mailto:contact@drholmcourses.com)

### **ARABIC VERSION**

*Obesity Treatment Tool Pro* and *DrHolmApp.net* will soon be available in Arabic versions, allowing our citizens who primarily speak Arabic to access and enjoy our products tailored to the HOLBAEK model.

In a subsequent phase, we plan to establish a link between the Danish and Arabic versions, enabling Danish therapist to communicate effectively with patients or families who primarily speaks Arabic.

Additionally, we already have a team member within the Dr Holm support team who is fluent in Arabic.

### UPCOMING SEMINARS IN THE HOLBAEK-MODEL

**Seminar 1:** August 20<sup>th</sup> – 21<sup>st</sup>, 2020  
Introductory seminar.

**Seminar 2:** June 2<sup>nd</sup> – 3<sup>rd</sup>, 2020  
Follow-up seminar; follow-up on treatment.

**Seminar 3:** December 1<sup>st</sup> - 2<sup>nd</sup>, 2020  
Immersion seminar; our values in a meta-perspective.

**Brush-Up:** June 9<sup>th</sup>, 2020  
for experienced healthcare professionals who have completed all three courses and wish to further immerse themselves in the treatment method, gain new knowledge, insights from the clinic, understand the core values, and embrace the new pedagogy.

All seminars take place at Hotel Scandic, Nørretorv 57, 4100 Ringsted.

*Obesity Treatment Tool Pro* is now included in the content of all future seminars.

*Regarding Seminar 2 and Brush-Up, scheduled for June 2020, we are closely monitoring development. If necessary, and due to the ongoing Covid-19 crisis, we may consider rescheduling these two seminars after the summer holidays. In such a case, we will promptly inform and communicate with the registered participant.*

with best regards

Jens-Christian Holm
